Hangghhh

Was it hard to find your
artstyle?
What is your day job?
Do you have another
art style?

This style is quick and
effective.

Best for MGNB that
updates 3 times
per week.

I ink with a
Pentel brush pen.

Sometimes I expand a little to turn them into illustrations.

I draw as a day job!
Just in a different style though.

I used to draw a lot of doggos
in Japanese school uniforms

WHAT

I think it's
cute okay!

Now, onwards to
the 100th post!
